Working Together in North Carolina

Kids' Chance of North Carolina makes a significant difference in the lives of affected North Carolina families by providing scholarship support to help eligible students pursue and achieve their higher education goals.

Established in 2004, Kids' Chance of North Carolina is one of many state programs offering scholarships to students in this situation. Kids' Chance of North Carolina appreciates the recognition and support of the North Carolina Industrial Commission as well as the many individual donors who have and continue to contribute to the funding of the scholarship program.

Our Mission

The mission of Kids' Chance of North Carolina, Inc. is to provide educational scholarships to the children of North Carolina workers who have been catastrophically or fatally injured in work-related accidents.

Students between the ages of 16-25 whose parent's on-the-job death or injury resulted in a substantial decline in family income are eligible to receive up to \$5,000 in annual scholarship support!
