

Funeral Service 5-Hour Programs

These workshops are intended to assist your funeral home in reducing accidents and lowering your Workers' Compensation costs.

We offer three different programs!

- Event Planning for Funeral Service
- Safety in Funeral Service
- OSHA Compliance for Funeral Service

All of our programs are Approved for 5-hours Continuing Education Credit!

- Program provided at your location
- You pick the date and time
- Provide a minimum of 15 attendees (if you do not have 15 attendees, call to discuss program options)

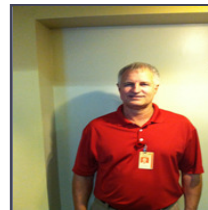

Our mission is to help employers reduce injury to employees through education and training, reduce pain and suffering, and reduce costs resulting from accidents in the workplaces of North Carolina.

Fee Schedule

\$30.00 per person plus service fee

(15 person minimum charge requirement)

OSHA Compliance for Funeral Service 5-Hour Workshop

OSHA Compliance for Funeral Service 5-Hour Workshop discusses the following topics:

- Formaldehyde Exposure
- OSHA Regulations That Affect Funeral Service
- Top Ten OSHA Violations in Funeral Service

All training is NC Funeral Service Board Approved!

- Documentation and certification of training is provided per OSHA regulations.
- Plus, each trainee receives a personalized course completion certificate.
- This course can be customized to address the needs of our clients who must comply with NC OSHA safety standards.

Receive your certificate upon successful completion of course!

Safety in Funeral Service 5-Hour Workshop

Safety in Funeral Service 5-Hour Workshop will cover the following topics in detail with a table-top exercise for Job Hazard Analysis

- Bloodborne Pathogen Safety
- Job Hazard Analysis
- Lifting and Back Safety
- Safety in the Embalming Room

THE IMPORTANCE OF PERFORMING A
JOB HAZARD ANALYSIS

Analyzing every job for its hazards can reduce accidents!

- Often we look at obvious dangers but ignore the simple, everyday things that can go wrong.
- The purpose of a job analysis is not to evaluate job performance but to find hazards and then determine ways to reduce or eliminate them.

Choose any one of our three 5-Hour workshops that fit your needs for only \$35.00/person

Event Planning for Funeral Service 5-Hour Workshop

Event Planning for Funeral Service 5-Hour Workshop covers in detail...

- Hazard Communication Program
- Global Harmonized Systems
- Emergency Action Plans for your facility
- Fire Safety and Fire Extinguisher Use and Inspections
- Slips, Trips and Falls

- In the event of an emergency at your facility, do you know how to properly respond?
- Are you in compliance with the Global Harmonized System?
- Are employees protected from Slips, Trips and Falls?
- **If you answered NO to any of the above questions, this workshop is for YOU!**

Don't see a topic you need? Let us know and we'll develop a program!
