Hans C. Hansen, M.D. DABPP, FIPP is a Board Certified Anesthesiologist and Pain Management Physician whose practice extends through the Central Piedmont of North Carolina. After completing his training at University of Colorado, Health Sciences Center and Yale University, he is an executive member of American Society of Interventional Pain Physicians and a sitting member of Medicare Carrier Advisory Committee and the Physician Advisory Committee for Medicaid, Dr. Hansen assists in developing policy to assist practitioners and those that suffer from pain. Active in education and training other physicians, Dr. Hansen's special interests are controlled substances, and applying best practices to pain treatment options. He lives in Statesville, North Carolina, married 25 years and enjoys watching his two children grow up.
