Notwithstanding the above, the employer, carrier/administrator, or administrator may waive the right to an
informal hearing, and proceed to a formal hearing by filing a request for hearing on a Form 33 Request that Claim be Assigned for Hearing. A decision on the application shall be made within five days after the completion of the informal hearing.

Either party may appeal the Administrative Decision and Order of the Industrial Commission as provided by 4 NCAC 10A:0703, Rule .0703 of this Subchapter. A Deputy Commissioner shall conduct a hearing which shall be a hearing de novo. The effect of placing the case on the docket shall be the same as if the Form 24 Application to Terminate or Suspend Payment of Compensation were denied, and compensation shall continue until such time as the case is decided by a Commissioner or a Deputy Commissioner following a formal hearing.

The Commission shall mail any Administrative Decision and Order shall be mailed to the non-prevailing party by certified mail.

Otherwise, retroactive termination or suspension of compensation to a date preceding the filing of a Form 24 Application to Terminate or Suspend Payment of Compensation may be ordered as a result of a formal hearing. Additionally, nothing shall impair an employer's right to seek a credit pursuant to G.S. § 97-42.

(a) Except as provided in subparagraph (7), Paragraph (g) of this Rule, when compensation for total disability being paid pursuant to G.S. § 97-29 is terminated because the employee has returned to work for the same or a different employer, such termination is subject to the trial return to work provisions of G.S. § 97-32.1. When compensation is terminated under these circumstances, the employer or carrier/administrator shall, within 16 days of the termination of compensation, file a Form 28T Notice of Termination of Compensation by Reason of Trial Return to Work with the Industrial Commission and provide a copy of it to the employee and the employee's attorney of record, if any, or the employee, if unrepresented.

(b) If during the trial return to work period, the employee must stop working due to the injury for which compensation had been paid, the employee should, may complete and file with the Industrial Commission a Form 28U Employee's Request that Compensation be Reinstated after Unsuccessful Trial Return to Work, without regard to whether the employer or carrier/administrator has filed a Form 28T Notice of Termination of Compensation by Reason of Trial Return to Work as required by Paragraph (1) of this Rule above, and provide a copy of the completed form to the employer and carrier/administrator. A Form 28U Employee's Request that Compensation be Reinstated after Unsuccessful Trial Return to Work shall contain a section which must be completed by the physician who imposed the restrictions or one of the employee's authorized treating physicians, certifying that the employee's injury for which compensation had been paid prevents the employee from continuing the trial return to work. If the employee returned to work with an employer other than the employer at the time of injury, the employee must complete the "Employee's Release and Request For Employment Information" section of a Form 28U Employee's Request that Compensation be Reinstated after Unsuccessful Trial Return to Work. An employee's failure to provide a Form 28U Employee's Request that Compensation be Reinstated after Unsuccessful Trial Return to Work does not preclude a subsequent finding by the Commission that the trial return to work was unsuccessful.

(c) Upon receipt of a properly completed Form 28U, the employer, or carrier/administrator shall promptly resume payment of compensation for total disability. If the employee fails to provide the required certification of an authorized treating physician as specified in subsection 2 above, Paragraph (b) of this Rule, or if the employee fails to execute the "Employee's Release and Request" section of a Form 28U Employee's Request that Compensation be Reinstated after Unsuccessful Trial Return to Work, if required pursuant to Paragraph (2) above, Paragraph (b) of this Rule, the employer, or carrier/administrator shall not be required to resume payment of compensation. Instead, in such circumstances, the employer or carrier/administrator shall promptly return a Form 28U Employee's Request that Compensation be Reinstated after Unsuccessful Trial Return to Work to the employee and the employee's attorney
of record, if any, or the employee, if unrepresented, along with a statement explaining the reason the Form 28U Employee's Request that Compensation be Reinstated after Unsuccessful Trial Return to Work is being returned and the reason compensation is not being reinstated.

(d) The reinstated compensation shall be due and payable and subject to the provisions of G.S. § 97-18(g) on the date and for the period commencing on the date the employer, or carrier/administrator receives a properly completed Form 28U Employee's Request that Compensation be Reinstated after Unsuccessful Trial Return to Work certifying an unsuccessful return to work. Such resumption of compensation shall does not preclude the employee's right to seek, nor the employer, or carrier's or administrator's right to contest, the payment of compensation for the period prior or subsequent to such the reinstatement. If it is thereafter determined by the Commission that any temporary total or temporary partial compensation, including the reinstated compensation, was not due and payable, a credit shall be given against any other compensation determined to be owed.

(e) When the employer, or carrier/administrator has received a properly completed Form 28U Employee's Request that Compensation be Reinstated after Unsuccessful Trial Return to Work and contests the employee's right to reinstatement of total disability compensation, the employer, carrier, or administrator may suspend or terminate compensation only as provided in G.S. § 97-18.1 and/or pursuant to the provisions of G.S. § 97-83 and G.S. § 97-84.

(f) Upon resumption of payment of compensation for total disability, the employer, or carrier/administrator shall complete and file a Form 62 Notice of Reinstatement or Modification of Compensation and/or such other forms as may be required by the Workers' Compensation Act or by Industrial Commission rule. A copy of the Form 62 Notice of Reinstatement or Modification of Compensation shall be sent to the employee and the employee's attorney of record, if any, record or the employee, if unrepresented.

(g) The trial return to work provisions do not apply to the following:

1. "Medical only" cases, defined as cases in which the employee is not absent from work for more than one day and in which medical expenses are less than two thousand dollars ($2,000); the amount periodically established by the Industrial Commission in its Minutes;

2. Cases in which the employee has missed fewer than eight days from work;

3. Cases wherein the employee has been released to return to work by an authorized treating physician as specified in subsection 2 above Paragraph (b) of this Rule without restriction or limitation except that if the physician, within 45 days of the employee's return to work date, determines that the employee is not able to perform the job duties assigned, then the employer, or carrier/administrator must resume benefits. If within the same time period, the physician determines that the employee may work only with restrictions, then the employee is entitled to a resumption of benefits commencing as of the date of the report, unless the employer is able to offer employment consistent with the restrictions, in which case a trial return to work period shall be deemed to have commenced at the time of the employee's initial return to work;
(4) Cases wherein the employee has accepted or agreed to accept compensation for permanent partial disability pursuant to G.S. § 97-31, G.S. 97-31, unless the trial return to work follows reinstatement of compensation for total disability under G.S. § 97-29; and

(5) Claims pending on or filed after 1 January 1995, when the employer, carrier, or administrator contests a claim pursuant to G.S. § 97-18(d) within the time allowed thereunder.

(h) This Rule became effective on 15 February 1995, and applies to any employee who leaves work on or after February 15, 1995 due to a compensable injury.

(b) When reinstatement is sought by the filing of a Form 23 Application to Reinstate Payment of Disability Compensation, the original Form 23 Application to Reinstate Payment of Disability Compensation and the attached documents shall be sent to the Commission at the same time and by the same method by which a copy of the Form 23 and attached documents are sent to the employer, carrier, or administrator and the employer's, carrier's, or administrator's attorney of record. This Administrative Decision and Order shall be rendered within five days of the expiration of
the time within which the employer, carrier, or administrator could have filed a response to the Form 23 Application to Reinstatement of Payment of Disability Compensation.

(d) If the employer, carrier, or administrator contests the reinstatement of compensation, the Commission shall schedule an informal hearing to take place within seven days of the receipt of the completed Form 23 Application to Reinstatement of Payment of Disability Compensation response from the employer, carrier, or administrator. The informal hearing shall be conducted by telephone conference between the Commission, the parties, and the parties’ attorneys of record. The Commission shall make arrangements for the informal hearing with a view towards conducting the hearing in the most expeditious manner under the circumstances. The informal hearing shall be no more than 30 minutes, with each side being given 10 minutes to present its case and five minutes for rebuttal. (f) Either party may appeal the Administrative Decision and Order of the Commission as provided by Rule .0703 of this Subchapter. The Deputy Commissioner shall conduct a hearing de novo. The hearing shall be set without delay and shall not require the filing of a Form 33 Request that Claim be Assigned for Hearing. If the Deputy Commissioner reverses an order previously denying a Form 23 Application to Reinstatement of Payment of Disability Compensation, the employer, carrier, or administrator shall resume compensation or otherwise comply with the Deputy Commissioner’s decision, notwithstanding any appeal or application for review to the Full Commission of the decision under G.S. 97-85.

Medical case management may include but is not limited to:

(2) The vocational assessment is based on the RP’s evaluation of the worker’s social, medical, and vocational standing, along with other information significant to employment potential and on a face-to-face interview between the worker and the RP, to determine whether the worker can benefit from vocational rehabilitation services, and, if so, to identify the specific type and sequence of appropriate services. It should include an evaluation of the worker’s expectations in the rehabilitation process, an evaluation of any specific requests by the worker for medical treatment or vocational training, and a statement of the RP’s conclusion regarding the worker’s need for rehabilitation services, benefits expected from services, and a description of the proposed rehabilitation plan.

04 NCAC 10F .0102 is amended with changes as published in 27:02 NCR 217 as follows:

04 NCAC 10F .0102 DEFINITIONS

(a) The Revised Medical Fee Schedule is being published for the Commission by Medicode, Inc., of Salt Lake City, Utah, and is expected to be available prior to the effective date of January 1, 1996.

(b) In developing the 1996 Revised Medical Fee Schedule (hereafter, the 1996 Fee Schedule) the Commission has made the following determinations:

1. The medical fees should be based on the 1995 CPT codes adopted by the American Medical Association with values based on a Resource Based Relative Value System (RBRVS).

2. CPT codes for General Medicine will be based on North Carolina 1995 Medicare values multiplied by 1.58, which the Commission believes would leave the General Medicine charges as a whole at roughly the same level as in the Commission's fee schedule that has been in effect since January 1, 1993 (hereafter, the 1993 Fee Schedule). Since the Medicare relative value codes for each procedure in the schedule are likely to be different than the codes used in the 1993 Fee Schedule, individual codes under the 1996 Fee Schedule will likely be more or less than the code for the same procedure in the 1993 Fee Schedule, but on average the charges for General Medicine will be at the same level.

3. CPT codes for Physical Medicine will be based on North Carolina 1995 Medicare values multiplied by 1.30, which the Commission believes would be a slight decrease from the 1993 Fee Schedule. Since the Medicare relative value codes for each procedure in the schedule are likely to be different than the codes used in the 1993 Fee Schedule, individual codes under the 1996 Fee Schedule will likely be more or less than the code for the same procedure in the 1993 Fee Schedule, but on average the charges for Physical Medicine under the 1996 Fee Schedule will be slightly lower than the 1993 Fee Schedule.

4. CPT codes for Radiology will be based on North Carolina 1995 Medicare values multiplied by 1.96, which the Commission believes would be a 20% decrease from the 1993 Fee Schedule. Since the Medicare relative value codes for each procedure in the schedule are likely to be different than the codes used in the 1993 Fee Schedule, individual codes under the 1996 Fee Schedule will likely be more or less than the code for the same procedure in the 1993 Fee Schedule, but on average the charges for Radiology under the 1996 Fee Schedule will be approximately 20% lower than the 1993 Fee Schedule.

5. CPT codes for Surgery will be based on North Carolina 1995 Medicare values multiplied by 2.06, which the Commission believes would be an 8% decrease from the 1993 Fee Schedule. Since the Medicare relative value codes for each procedure in the schedule are likely to be different than the codes used in the 1993 Fee Schedule, individual codes under the 1996 Fee Schedule will likely be more or less than the code for the same procedure in the 1993 Fee Schedule, but on average the charges for Surgery under the 1996 Fee Schedule will be 8% lower than the 1993 Fee Schedule.

(c) As a whole, the Commission believes that the 1996 Fee Schedule will result in at least an 11% reduction in charges under that schedule.
(d) As has been the case in the past, charges under the 1996 Fee Schedule are a ceiling and if the provider usually charges a lesser fee for such services, the provider shall charge the lesser fee for cases under the Workers’ Compensation Act.

(e) Also, upon request the Commission will consider greater charges than that set forth in the 1996 Revised Fee Schedule on a case-by-case basis based on the merits of extenuating circumstances proven by the provider.

(f) Treatments not covered under the 1996 Fee Schedule will be handled on a "by report" basis.

(g) The Chiropractic Fee Schedule will stay the same in 1996 as it was in 1993, as will the Dental Fee Schedule.

(h) The Commission has outsourced the publication of the 1996 Fee Schedule to Medicode, Inc., of Salt Lake City, Utah, in an effort to trim the cost of government services. Copies of the fee schedule will be available through Medicode, Inc. at a price of seventy-five dollars ($75.00), plus tax and shipping. Copies on magnetic media will be available through Medicode, Inc., at a price of two hundred ninety-five dollars ($295.00), plus tax and shipping. The magnetic media price includes one free printed copy. Medicode's address and phone number is Medicode, Inc., 5225 Wiley Post Way, Suite 500, Salt Lake City, Utah 84116, TEL: (801) 536-1000, FAX: (801) 536-1009.

As used in this Subchapter:

(1) "Clearinghouse" means a public or private entity, including a billing service, repricing company, community health management information system or community health information system, and "value-added" networks and switches, that is an agent of either the payer or the provider and that may perform the following functions:

(a) Processes or facilitates the processing of medical billing information received from a client in a nonstandard format or containing nonstandard data content into standard data elements or a standard transaction for further processing of a bill related transaction; or

(b) Receives a standard transaction from another entity and processes or facilitates the processing of medical billing information into nonstandard format or nonstandard data content for a client entity.

(2) "Complete electronic bill" submission means a medical bill that meets all of the criteria enumerated in this Subchapter.

(3) "Electronic" refers to a communication between computerized data exchange systems that complies with the standards enumerated in this Subchapter.

(3) “Health Care Provider” is as set forth in G.S. 97-2(20)

(4) “Health Care Provider Agent” is a person or entity that contracts with a health care provider establishing an agency relationship to process bills for services provided by the health care provider under the terms and conditions of a contract between the agent and health care provider. Such contracts may permit the agent to submit bills, request reconsideration, receive reimbursement, and seek medical dispute resolution for the health care provider services.

([4]) "Implementation guide" is a published document for national electronic standard formats as defined in this Subchapter that specifies data requirements and data transaction sets.
"National Provider Identification Number" or "NPI" means the unique identifier assigned to a health care provider or health care facility by the Secretary of the United States Department of Health and Human Services.

"Payer" means the insurance carrier, third-party administrator, managed care organization, or employer responsible for paying the workers' compensation medical bills.

"Payer agent" means any person or entity that performs medical bill related processes for the payer responsible for the bill. These processes include reporting to government agencies, electronic transmission, forwarding or receipt of documents, review of reports, adjudication of bill, and final payment.

04 NCAC 10F .0103 is amended as published in 27:02 NCR 219 as follows:

4 NCAC 10F .0103  FORMATS FOR ELECTRONIC MEDICAL BILL PROCESSING

(a) In revising the medical fee schedule the Industrial Commission was guided by the three principles contained in its statutory mandate: setting fees adequate to ensure:

(1) that injured workers are provided the standard of services and care intended by the Workers' Compensation Act,
(2) that providers of medical services are reimbursed reasonable fees for providing these services, and
(3) that medical costs are adequately contained. G.S. 97-26.

(b) Benchmarking studies by the Workers' Compensation Research Institute of Cambridge, Massachusetts, have shown that the North Carolina Workers' Compensation 1993 Medical Fee Schedule was the third highest in the nation in 1993, and, in 1995, was the fifth highest among states having Workers' Compensation medical fee schedules. Yet those same studies indicate that two adjoining states, South Carolina and Georgia, have Workers' Compensation medical fee schedules 12 to 16% lower than North Carolina's; six states with similar costs of producing medical services have schedules 13 to 27% lower than North Carolina's; two major private payers in North Carolina have schedules that average 11% lower, and six states that have adopted Resource Based Relative Value System fee schedules have schedules that are 27 to 34% lower.

(c) The Medicare fee schedule presently in effect in North Carolina is a Resource Based Relative Value System (RBRVS) fee schedule. Comparing the 1993 North Carolina Workers' compensation medical fee schedule to the North Carolina Medicare fee schedule yields the following: Overall, the 1993 Fee Schedule is 91% greater than the 1995 Medicare schedule; general medicine is 58% greater; surgery is 124% greater; radiology is 145% greater and physical medicine is 105% greater.

(d) The Industrial Commission believes that basing the revised Workers' Compensation Medical Fee Schedule on multipliers of the North Carolina Medicare fee schedule will yield the results sought. That is, such a fee schedule will yield ready access to good medical care for North Carolina's injured workers and will result in a lower medical cost and a lower overall cost while still getting injured workers well and back to work on a timely basis.

(e) The Commission believes that the 1996 Fee Schedule will result in an overall lowering of medical fees by 11%, which will place it in line generally with what is being paid by two major private payers in North Carolina and in line generally with what is being paid in South Carolina and Georgia as well as in line generally with the six RBRVS states and the six states with similar costs of providing medical services.

(f) The multiplier of 1.58 for General Medicine leaves General Medicine at about the same level of fees under the 1996 Fee Schedule as under the 1993 Fee Schedule.

(g) The multiplier of 1.30 for Physical Medicine would yield a slight reduction. The Commission had originally proposed a multiplier of 1.60 which would have yielded rates higher than the 1993 Fee Schedule.

(h) The multiplier of 2.06 for Surgery will yield an 8% reduction. The Commission had originally proposed a multiplier of 2.02, which would have yielded a 10% reduction. The higher multiplier, and consequently the lower...
percentage reduction, gives recognition to the fact that the early intervention of good surgery is often what is needed for good results in difficult workers' compensation injury situations.

The 1.96 multiplier for Radiology will yield a 20% reduction in that schedule rather than the 34% reduction using a multiplier of 1.60 that the Commission had originally proposed. The change from the 1.60 multiplier to the 1.96 multiplier was made by the Commission to give recognition to the fact that the Radiology schedule got "short changed" by the Medicare RBRVS system when it was first set up and has not be rectified by the Medicare RBRVS system in the intervening years.

(i) No change was made in the chiropractic fee schedule and in the dental fee schedule for a number of reasons: the overall amount paid under these schedules is small in comparison to all medical fees, and, the charges allowed under the schedules are relatively low compared with what other licensed physicians and medical care providers are allowed, among other reasons.

(j) The Industrial Commission intends to monitor behavior resulting from changes to the medical fee schedule to determine if the changes result in problems with access to quality medical care for injured workers and to determine if savings result from the changes.

(a) Beginning March 1, 2014, electronic medical billing transactions shall be conducted using the electronic formats adopted under the Code of Federal Regulations, Title 45, part 162, subparts K, N, and P. Whenever a standard format is replaced with a newer standard, the most recent standard shall be used. The requirement to use a new version shall commence on the effective date of the new version as published in the Code of Federal Regulations.

The Code of Federal Regulations, Title 45, part 162, subparts K, N, and P is hereby incorporated by reference and includes subsequent amendments and editions. A copy may be obtained at no charge from the Internal Revenue Service’s website, http://ecfr.gpoaccess.gov, or upon request, at the offices of the Commission, located in the Dobbs Building, 430 North Salisbury Street, Raleigh, North Carolina, between the hours of 8:00 a.m. and 5:00 p.m.

(b) Nothing in this Subchapter shall prohibit payers and health care providers from using a direct data entry methodology for complying with these requirements, provided the methodology complies with the data content requirements of the adopted formats and these rules.

4 NCAC 10F .0106 EMPLOYER, INSURANCE CARRIER, MANAGED CARE ORGANIZATION, OR AGENTS’ RECEIPT OF MEDICAL BILLS FROM HEALTH CARE PROVIDERS

(a) Upon receipt of medical bills submitted in accordance with these Rules, a payer shall evaluate each bill’s conformance with the criteria of a complete medical bill as follows:

(1) A payer shall not return to the health care provider medical bills that are complete, unless the bill is a duplicate bill.

(2) Within 21 days of receipt of an incomplete medical bill, a payer or its agent shall either:

(A) Complete the bill by adding missing health care provider identification or demographic information already known to the payer; or

(B) Return the bill to the sender, in accordance with this Paragraph.

(c) The payer may contact the medical provider to obtain the information necessary to make the bill complete as follows:

(1) Any request by the payer or its agent for additional documentation to pay a medical bill shall:

(A) be made by telephone or electronic transmission unless the information cannot be sent by those media, in which case the sender shall send the information by mail or personal delivery;

(3) Health care providers and payers, or their agents, shall maintain, in a reproducible format, documentation of communications related to medical bill processing.

(d) A payer shall not return a medical bill except as provided in this Rule. When returning an electronic medical bill, the payer shall identify the reason(s) for returning the bill by utilizing the appropriate Reason and Rejection Code identified in the standards identified in this Subchapter.

(e) The proper return of an incomplete medical bill in accordance with this section fulfills the obligation of the payer to provide to the health care provider or its agent information related to the incompleteness of the bill.
(f) Payers shall timely reject bills or request additional information needed to reasonably determine the amount payable as follows:

(1) For bills submitted electronically, the rejection of all or part of the bill shall be sent to the submitter within two days of receipt.

(2) If bills are submitted in a batch transmission, only the specific bills failing edits shall be rejected.

(g) If a payer has reason to challenge the coverage or amount of a specific line item on a bill, but has no reasonable basis for objections to the remainder of the bill, the uncontested portion shall be paid timely, as required in this Rule.

(i) Payment of all uncontested portions of a complete medical bill shall be made within 30 days of receipt of the original bill, or receipt of additional information requested by the payer allowed under the law. After 60 days an amount equal to 10 percent shall be added to an unpaid bill.

(j) A payer shall not return a medical bill except as provided in this Rule. When returning a medical bill, the payer shall also communicate the reason(s) for returning the bill.

Generic statements that simply state a conclusion such as "payer improperly reduced the bill" or "health care provider did not document" or other similar phrases with no further description of the factual basis for the sender's position do not satisfy the requirements of this Rule.

(b) When communicating with the healthcare provider, agent, or assignee, the payer may utilize the ASC X12 Reason Codes, or as appropriate, the NCPDP Reject Codes, to communicate with the health care provider, agent, or assignee.

(c) Communication between the health care provider and payer related to medical bill processing shall be made by telephone or electronic transmission unless the information cannot be sent by those media, in which case the sender shall send the information by mail or personal delivery.

If the parties to a workers’ compensation claim or state tort claim agree to mediate the claim, they may schedule and proceed with mediation on their own, or they may submit a request for a mediation order pursuant to Rule 1(d). Paragraph (d) of this Rule. No order from the Commission is necessary if the parties mutually agree to mediate the claim, but the mediator shall file a report of mediation with the Commission as required by Rule 6(b)(4). Paragraph (g) of Rule .0106 of this Subchapter. If the parties proceed with mediation in the absence of an order from the Commission and the Commission thereafter enters a mediation order, the parties shall timely notify the Commission that they have agreed upon the selection of a mediator or, if the mediation has been completed, that they request to be excused from any further mediation obligations pursuant to Rule 1(g). Paragraph (f) of this Rule.

(b) Referral Upon Receipt of a Form 33 Request for Hearing. In any case in which the Commission receives a Form 33 Request for Hearing, the Commission shall order a mediated settlement conference unless doing so would be contrary to the interests of justice.

(c) By Order of the Commission. Commissioners, Deputy Commissioners, the Commission’s Dispute Resolution Coordinator, and such other employees as the Commission Chair may designate from time to time may, by written order, require the parties and their representatives to attend a mediated settlement conference concerning a dispute within the tort and workers’ compensation and state tort claim jurisdiction of the Commission. Requests to dispense with or defer a mediation conference shall be addressed to the Dispute Resolution Coordinator. Unless the context otherwise requires, references to the “Commission” in these Rules in this Subchapter shall mean the Dispute Resolution Coordinator.

(d) Mediation Upon Request of a Party. If a case is not otherwise ordered to a mediated settlement conference, a party may move the Commission to order such a conference. The motion shall be served on non-moving parties and state the reasons why the order should be entered, allowed and, if the case is pending on the hearing docket, whether the party prefers for the case to be set for hearing on the next docket, for it to be heard until further notice from the parties, or for it to be not be set before a specified date. The motion shall be served on non-moving parties. Responses may be filed in writing with the Commission within 10 days after the date of the service of the motion. The Commission may require that any motion for a mediation order shall be submitted on a form provided by the Commission.
(e) Timing of the Order. The order requiring mediation may be issued whenever it appears that the parties have a dispute arising under the Workers’ Compensation Act or the Tort Claims Act.

(f) Content of Order. The Commission’s order shall (1) require that the mediated settlement conference be held in the case, that pertinent documents be exchanged and that any specified discovery be completed prior to the conference; (2) establish a deadline for the pre-conference exchange of documents and other discovery, and for the completion of the conference; (3) provide a period within which the parties may select a mediator by mutual agreement (see Rule 2); (4) state the rate of compensation of the Commission-appointed mediator in the event that the parties do not exercise their right to select a mediator pursuant to Rule 2; (5) state that the parties shall be required to pay the mediator’s fee at the conclusion of the settlement conference unless otherwise ordered by the Commission (see Rule 7); and, (6) may specify a date for an Industrial Commission hearing should the parties fail to reach a settlement.

(g)(f) Motion to Dispense with or Defer Mediated Settlement Conference. Mediation may be dispensed with or canceled by the Commission, but in the interest of justice or judicial economy. As used in this Rule, the term “dispensed with” means setting aside or rescinding the mediation order(s) entered in the case, or excusing the parties from their obligations under the applicable order(s) or the Rules in this Subchapter. Mediation may not be dispensed with or canceled by the parties or the mediator unless the parties have agreed, subject to Commission approval, on a full and complete resolution of all disputed issues set forth in the request for hearing filed in the case, and the parties have given notice of the settlement to the Dispute Resolution Coordinator. As used herein, the terms “dispensed with” and “canceled” shall mean and refer to setting aside or rescinding the mediation order(s) entered in the case, or excusing the parties from their obligations under the order(s) or these rules. Within 55 days of the filing of a Form 33 Request for Hearing, or otherwise within the deadline set forth in 21 days of the date of the Commission’s order entered pursuant to Rules 1(c) and 1(d), Paragraph (c) or Paragraph (d) of this Rule, a party may move to dispense with or defer the mediated settlement conference. The motion shall state the reasons the relief is sought and must be received by the Dispute Resolution Coordinator within the applicable 21 or 55 day deadline. For good cause shown, the Commission may grant the motion. However, failure to file a motion to dispense with mediated settlement conference within the above stated 21 or 55 day deadline and after a mediator has been appointed may result in the moving party or parties, or other responsible person, being required to pay an administrative fee of up to $100.00 to the Commission.

(h)(g) Exemption from Mediated Settlement Conference. In order to provide for the most efficacious use of mediation and neutral evaluation procedures, the Commission may specify, by type or kind, those cases to be ordered into or excluded from mediation and neutral evaluation procedures. The State shall not be compelled to participate in a mediation or neutral evaluation procedure with a prison inmate.

(i)(h) Motion to Authorize the Use of Neutral Evaluation Procedures. The parties may move the Commission to authorize the use of a neutral evaluation procedure contained in Rule .0109 of this Subchapter in lieu of a mediated settlement conference. The Commission may require that such motion be filed on a form provided by the Commission, and such motion shall be filed within 55 days of the filing of a Form 33 Request for
Hearing. Request that Claim be Assigned for Hearing, or otherwise within 21 days of the order requiring a mediated settlement conference—the deadline set forth in the Commission’s order entered pursuant to Rules 1(c) and 1(d), Paragraph (c) or Paragraph (d) of this Rule, and shall state:

1. That all parties consent to the motion;
2. That the neutral evaluator and the parties have agreed upon the selection and all terms of compensation of the neutral selected;
3. The name, address and telephone number of the neutral evaluator selected by the parties;
4. The names of all persons and entities the parties have agreed to excuse from attending the proceeding; and
5. Such other information as may be required by the Commission.

(i) If the parties are unable to agree to the matters listed in Paragraph (h), selection of a neutral or the persons excused from attending, then the Commission shall deny the motion for authorization to use a neutral evaluation procedure, and the parties shall attend the mediated settlement conference as originally ordered by the Commission. If the parties are able to timely agree on the above matters listed in Paragraph (h), then the Commission may order the use of a neutral evaluation proceeding. Provided, however, that the Commission will not order the use of a neutral evaluation proceeding in any case in which the plaintiff is not represented by counsel.

(j) Cases Involving Plaintiffs Not Represented by Counsel. Unless an unrepresented plaintiff requests that the plaintiff’s case be mediated, the Commission shall enter an order dispensing with mediation.
