7. Explain Reason For Proposed Rule(s): Pursuant to G.S. 150B-21.3A, the Industrial Commission has reviewed its rules and proposes to readopt 67 rules with substantive changes; readopt 81 rules without substantive changes; repeal 6 rules; and adopt 48 new rules and 2 forms. Fiscal Notes have been prepared by the agency and approved and certified by OSBM for 11 NCAC 23A .0621, 11 NCAC 23B .0209, 11 NCAC 23G .0107 and 11 NCAC 23J .0101.

With regard to the rule readoptions:
The proposed changes are being made to the readopted rules to add clarity by deleting ambiguous text, reformatting the rules, deleting outdated text, and updating website links

With regard to the rule adoptions:
11 NCAC 23A .0621 is being adopted to align with G.S. 8B-8, which requires agencies to pay the fees and expenses for sign language interpreters who appear before the agency;
11 NCAC 23B .0107 is being adopted to codify computation of time provisions for State Tort claims;
11 NCAC 23B .0108 and 11 NCAC 23H .0207 are being adopted to codify the current practice for attorneys retained in State tort claims and Public Safety Employees' Death Benefit Act claims;
11 NCAC 23B .0209 is being adopted partially in response to a petition for rulemaking and partially to align with G.S. 8B-8; and
11 NCAC 23H .0102 and 11 NCAC 23I .0103 are being adopted to codify electronic filing requirements for claims filed under the Public Safety Employees' Death Benefit Act and the Childhood Vaccine-Related Injury Compensation Program.

With regard to the rule repeals:
11 NCAC 23A .0106 is being repealed because the Industrial Commission no longer uses the data provided on the Form 51;
11 NCAC 23D .0102 is being repealed because "Employer" is defined in the Workers' Compensation Act; the definition of "Act" is unnecessary; and the definition of "employer network" is being added to 11 NCAC 23D .0101;
11 NCAC 23D .0104 is being repealed because the history notes set forth the effective date of the rules;
11 NCAC 23H .0204 is being repealed because written or recorded statements are not taken in Public Safety Employees' Death Benefit Act cases; and
11 NCAC 23I .0204 is being repealed because the Industrial Commission does not have statutory authority to impose sanctions in Childhood Vaccine-Related Injury Compensation Program cases.

With regard to the form adoptions:
The Form 28D Notice of Termination of Compensation by Reason of Employee's Death is being adopted to provide employers and carriers with a manner to notify the Industrial Commission and an employee's family of termination of temporary total disability compensation due to an employee's death;
The Form V-1 Claim for Compensation for Childhood Vaccine-Related Injury is being adopted to provide a form for filing a claim for a childhood vaccine-related injury in accordance with G.S. 130A-425(b); and
11 NCAC 23L .0106-.0133, .0201, .0202, .0301, .0302, .0401-.0407, .0501, and .0601 are being adopted to comply with the requirements of G.S. 150B-2(8a)d.

8. Procedure for Subjecting a Proposed Rule to Legislative Review: If an objection is not resolved prior to the adoption of the rule, a person may also submit written objections to the Rules Review Commission. If the Rules Review Commission receives written and signed objections in accordance with G.S. 150B-21.3(b2) from 10 or more persons clearly requesting review by the legislature and the Rules Review Commission approves the rule, the rule will become effective as provided in G.S. 150B-21.3(b1). The Commission will receive written objections until 5:00 p.m. on the day following the day the Commission approves the rule. The Commission will receive those objections by mail, delivery service, hand delivery, or email. If the mediator is disqualified, an order shall be entered for the selection of a replacement mediator pursuant to this Rule. Nothing in this Paragraph shall preclude mediators from disqualifying themselves.~~

(a) Designation by Agreement of Parties in Cases Ordered to Mediation. NOTE TO PERSON REQUESTING SUBPOENA: A copy of this subpoena must be delivered, mailed or faxed to the attorney for each party in this case. If a party is not represented by an attorney, the copy must be mailed or delivered to the party.

NOTE: Rule 45, North Carolina Rules of Civil Procedure, Subsections (c) and (d). (With respect to the provisions of Rule 45 cited below as they apply to this subpoena, the North Carolina Industrial Commission is the "court" and the "court in the county." All motions regarding this subpoena shall be filed with the North Carolina Industrial Commission pursuant to 11 NCAC 23A .0609.)
(c) Protection of Persons Subject to Subpoena

(1) Avoid undue burden or expense. A party or an attorney responsible for the issuance and service of a subpoena shall take reasonable steps to avoid imposing an undue burden or expense on a person subject to the subpoena. The court shall enforce this subdivision and impose upon the party or attorney in violation of this requirement an appropriate sanction that may include compensating the person unduly burdened for lost earnings and for reasonable attorney's fees.

(2) For production of public records or hospital medical records. Where the subpoena commands any custodian of public records or any custodian of hospital medical records, as defined in G.S. 8-44.1, to appear for the sole purpose of producing certain records in the custodian's custody, the custodian subpoenaed may, in lieu of personal appearance, tender to the court in which the action is pending by registered or certified mail or by personal delivery, on or before the time specified in the subpoena, certified copies of the records requested together with a copy of the subpoena and an affidavit by the custodian testifying that the copies are true and correct copies and that the records were made and kept in the regular course of business, or if no such records are in the custodian's custody, an affidavit to that effect. When the copies of records are personally delivered under this subdivision, a receipt shall be obtained from the person receiving the records. Any original or certified copy of records or an affidavit delivered according to the provisions of this subdivision, unless otherwise objectionable, shall be admissible in any action or proceeding without further certification or authentication. Copies of hospital medical records tendered under this subdivision shall not be open to inspection or copied by any person, except to the parties to the case or proceedings and their attorneys in depositions, until ordered published by the judge at the time of the hearing or trial. Nothing contained herein shall be construed to waive the physician patient privilege or to require any privileged communication under law to be disclosed.

(3) Written objection to subpoena. Subject to subsection (d) of this rule, a person commanded to appear at a deposition or to produce and permit the inspection and copying of records, books, papers, documents, electronically stored information, or tangible things may, within 10 days after service of the subpoena or before the time specified for compliance if the time is less than 10 days after service, serve upon the party or the attorney designated in the subpoena written objection to the subpoena, setting forth the specific grounds for the objection. The written objection shall comply with the requirements of Rule 11 of the North Carolina Rules of Civil Procedure. Each of the following grounds may be sufficient for objecting to a subpoena:

a. The subpoena fails to allow reasonable time for compliance.
b. The subpoena requires disclosure of privileged or other protected matter and no exception or waiver applies to the privilege or protection.
c. The subpoena subjects a person to an undue burden or expense.
d. The subpoena is otherwise unreasonable or oppressive.
e. The subpoena is procedurally defective.

(4) Order of court required to override objection. - If objection is made under subdivision (3) of this subsection, the party serving the subpoena shall not be entitled to compel the subpoenaed person's appearance at a deposition or to inspect and copy materials to which an objection has been made except pursuant to an order of the

court. If objection is made, the party serving the subpoena may, upon notice to the subpoenaed person, move at any time for an order to compel the subpoenaed person's appearance at the deposition or the production of the materials designated in the subpoena. The motion shall be filed in the court in the county in which the deposition or production of materials is to occur.

(5) Motion to quash or modify subpoena. - A person commanded to appear at a trial, hearing, deposition, or to produce and permit the inspection and copying of records, books, papers, documents, electronically stored information, or other tangible things, within 10 days after service of the subpoena or before the time specified for compliance if the time is less than 10 days after service, may file a motion to quash or modify the subpoena. The court shall quash or modify the subpoena if the subpoenaed person demonstrates the existence of any of the reasons set forth in subdivision (3) of this subsection. The motion shall be filed in the court in the county in which the trial, hearing, deposition, or production of materials is to occur.

(6) Order to compel; expenses to comply with subpoena. - When a court enters an order compelling a deposition or the production of records, books, papers, documents, electronically stored information, or other tangible things, the order shall protect any person who is not a party or an agent of a party from significant expense resulting from complying with the subpoena. The court may order that the person to whom the subpoena is addressed will be reasonably compensated for the cost of producing the records, books, papers, documents, electronically stored information, or tangible things specified in the subpoena.

(7) Trade secrets; confidential information. - When a subpoena requires disclosure of a trade secret or other confidential research, development, or commercial information, a court may, to protect a person subject to or affected by the subpoena, quash or modify the subpoena, or when the party on whose behalf the subpoena is issued shows a substantial need for the testimony or material that cannot otherwise be met without undue hardship, the court may order a person to make an appearance or produce the materials only on specified conditions stated in the order.

(8) Order to quash; expenses. - When a court enters an order quashing or modifying the subpoena, the court may order the party on whose behalf the subpoena is issued to pay all or part of the subpoenaed person's reasonable expenses including attorney's fees.

(d) Duties in Responding to Subpoena

(1) Form of response. - A person responding to a subpoena to produce records, books, documents, electronically stored information, or tangible things shall produce them as they are kept in the usual course of business or shall organize and label them to correspond with the categories in the request.

(2) Form of producing electronically stored information not specified. - If a subpoena does not specify a form for producing electronically stored information, the person responding must produce it in a form or forms in which it ordinarily is maintained or in a reasonably useable form or forms.

(3) Electronically stored information in only one form. - The person responding need not produce the same electronically stored information in more than one form.

(4) Inaccessible electronically stored information. - The person responding need not provide discovery of electronically stored information from sources that the person identifies as not reasonably accessible because of undue burden or cost. On motion to compel discovery or for a protective order, the person responding must show that the information is not reasonably accessible because of undue burden or cost. If that showing is made, the court may nonetheless order discovery from such sources if the requesting party shows good cause, after considering the limitations of Rule 26(b)(1a) of the North Carolina Rules of Civil Procedure. The court may specify conditions for discovery, including requiring the party that seeks discovery from a nonparty to bear the costs of locating, preserving, collecting, and producing the electronically stored information involved.

(5) Specificity of objection. - When information subject to a subpoena is withheld on the objection that it is subject to protection as trial preparation materials, or that it is otherwise privileged, the objection shall be made with specificity and shall be supported by a description of the nature of the communications, records, books, papers, documents, electronically stored information, or other tangible things not produced, sufficient for the requesting party to contest the objection.

FORM 18

GENERAL INFORMATION ON THE FORM 18

1. What does a Form 18 do?

A Form 18 establishes a legal claim of injury on your behalf if filed within two years of the date of injury or occupational disease, and gives the required written notice to the employer if a copy is submitted to the employer within 30 days of the injury. The employer is required by law to file a Form 19 if the employee misses more than one day of work due to the injury or if the medical bills exceed $4,000.00. However, the employer's filing of a Form 19 does not satisfy the employee's obligation to file a claim. In order to ensure the employee's rights are protected, the employee must file a Form 18 even though the employer may be paying compensation or the Industrial Commission may have opened a file for the injury.

2. To whom should the Form 18 be sent?

The original Form 18 should be submitted to the Industrial Commission. The injured worker should keep one copy for his or her records and one copy should be submitted to the employer at the time of the injury.

3. What numbers do I write in the upper right corner?

You do not need to fill in the spaces on the upper right corner of the Form 18. If you know that your employer has already filed a report of injury, (Form 19) and you know what your I.C. (Industrial Commission), File Number is, you may write the number in the "I.C. File No." space. If you do not already have an I.C. File Number, the Industrial Commission will assign one upon receipt of the Form 18. The other two spaces "Emp. Code No." and "Carrier Code No." are for internal use only.

4. What if I do not know who my employer's insurance carrier is?

If you do not know who the employer's insurance carrier is you may either ask your employer for the information, call the Industrial Commission's Claims Administration Section at (800) 688-8349 then press "3" after the prompt, or simply leave the line blank.

5. When listing the number of days out of work, do I count partial days?

Yes, you include partial as well as whole calendar days not worked. However, the days do not need to be consecutive.

6. What happens after I file the Form 18?

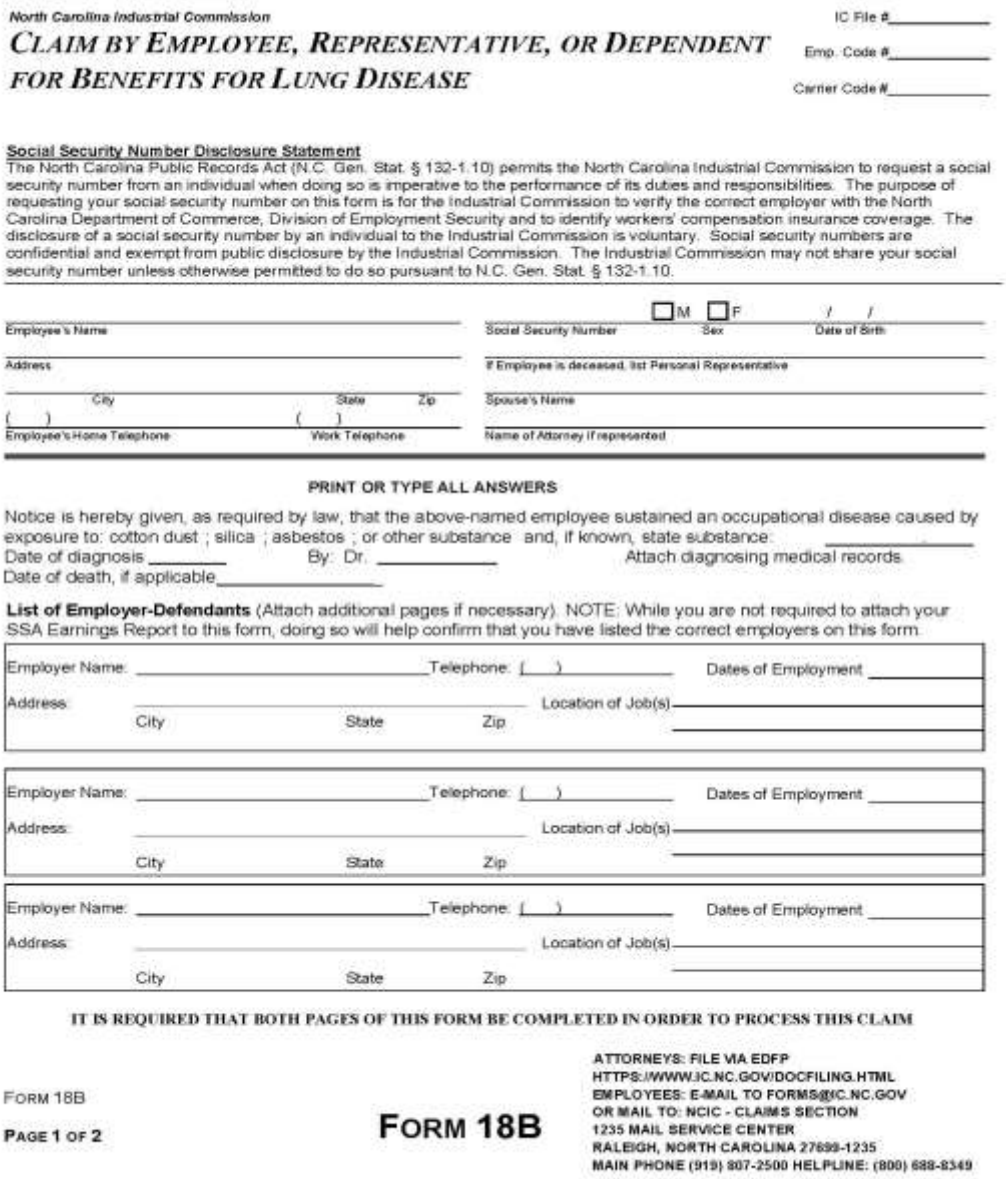

The Industrial Commission will mail an acknowledgement letter to you after your Form 18 is processed. Processing time varies according to current workload. The Industrial Commission will mail a copy of the acknowledgement letter to the employer or its workers' compensation insurance carrier asking them to contact you and inform you if compensation will be paid to you voluntarily.

11 NCAC 23M .0202 is proposed for readoption without substantive changes as follows:

11 NCAC 23M .0202 PRESCRIPTION OF MEDICATION FOR PAIN IN AN ACUTE PHASE FOLLOWING THE FIRST PRESCRIPTION

(a) This Rule applies to prescriptions for medication to an employee for pain during an acute phase that are written after a first prescription as described in Rule .0201 of this Section.

(b) Before prescribing a targeted controlled substance, a health care provider shall document his or her medical opinion in the medical record that non-pharmacological and non-opioid therapies are insufficient to treat the employee's pain.

(c) A health care provider shall not prescribe more than one targeted controlled substance at a time in an acute phase.

(d) A health care provider shall prescribe the lowest number of days' supply of a targeted controlled substance necessary in his or her medical opinion to treat an employee's pain.

(e) A health care provider shall prescribe the lowest effective dosage of a targeted controlled substance, not to exceed 50 mg morphine equivalent dose per day, using only short-acting opioids. However, the health care provider may prescribe a morphine equivalent dose higher than 50 mg per day, but not higher than 90 mg per day, after documenting the medical justification for the prescription, including a comparison of the expected benefits to the employee versus any potential risks of increasing the employee's dosage. If the health care provider prescribes a morphine equivalent dose higher than 50 mg per day in an acute phase, the health care provider shall review at all subsequent evaluations whether the employee experienced the expected benefits and consider whether to continue the higher dosage and document the medical record accordingly. The dosage limits in this Paragraph apply only to an opioid prescription being prescribed pursuant to this Rule.

(f) A health care provider shall not prescribe transcutaneous, transdermal, transmucosal, or buccal opioid preparations without documentation in the medical record that oral opioid dosing is medically contraindicated for the employee.

The health care provider shall also communicate with the health care provider prescribing the benzodiazepines or carisoprodol to inform that health care provider of the prescription of a targeted controlled substance.

(k) A health care provider shall review the information in the CSRS pertaining to the employee for the preceding 12-month period every time the health care provider prescribes a targeted controlled substance in an acute phase. The health care provider shall document in the medical record the review and any potential contraindications to prescribing a targeted controlled substance found in the CSRS. ~~The effective date of this Paragraph is November 1, 2018, or shall coincide with the date of application in S.L. 2017-74, s. 15.(e), and any amendments thereto, whichever is earlier.~~

(l) After an employee has received the first prescription of a targeted controlled substance as described in Rule .0201 of this Section and an additional 30 days of treatment with a targeted controlled substance, the health care provider may only continue treatment with a targeted controlled substance after fulfilling the following requirements:

(1) The health care provider shall administer and document in the medical record the results of a presumptive urine drug test as defined in Rule ~~.0102~~.0102(10) of this Subchapter. The health care provider may meet this requirement by requiring that the employee take a random, unannounced urine drug test. If the test results are positive for non-disclosed drugs or negative for prescribed controlled substances, the health care provider shall obtain confirmatory urine drug testing as defined in Rule ~~.0102~~.0102(c) of this Section. Nothing ~~herein~~ in this Subparagraph prevents a health care provider from ordering confirmatory urine drug testing for a medical reason other than the presumptive urine drug test results if the medical reason is documented in the medical record. The health care provider may obtain the confirmatory urine drug test results before prescribing a targeted controlled substance. Alternatively, the health care provider may order a limited supply of a targeted controlled substance pending the results of the confirmatory urine drug test. The results of any confirmatory urine drug test shall be documented in the medical record.

(2) The health care provider shall administer and document in the medical record the results of a tool for screening and assessing opioid risk that has been validated by clinical studies. Examples of these tools include the following:

(A) NIDA Quick Screen V1.0 and NIDA-Modified ASSIST V2.0 (National Institute on Drug Abuse), available at ~~https://www.drugabuse.gov/sites/default/files/files/QuickScreen_Updated_2013(1).pdf;~~ https://nida.nih.gov/sites/default/files/pdf/nmassist.pdf;

(3) The health care provider shall review and document in the medical record whether the information obtained by complying with Paragraph (k) of this Rule or Subparagraphs (1) or (2) of this Paragraph, or any other aspects of the employee's medical records or examination, indicate an increased risk for opioid-related harm. If the health care provider continues the prescription of a targeted controlled substance despite any increased risks identified, the health care provider shall document in the medical record the reasons justifying the continued prescription.

11 NCAC 23M .0203 is proposed for readoption with substantive changes as follows:

11 NCAC 23M .0203 PRESCRIPTION OF MEDICATION FOR PAIN IN A CHRONIC PHASE

(a) This Rule applies to prescriptions for medication to an employee for pain during a chronic phase.

(b) Before prescribing a targeted controlled substance, a health care provider shall document his or her medical opinion in the medical record that non-pharmacological and non-opioid therapies are insufficient to treat the employee's pain.

(c) A health care provider shall not prescribe more than one targeted controlled substance at a time in a chronic phase without documentation of justification in the medical record. A health care provider shall not prescribe more than two targeted controlled substances at a time in a chronic phase, to include no more than one short-acting opioid and one long-acting or extended-release opioid.

(d) A health care provider shall prescribe the lowest number of days' supply of a targeted controlled substance necessary in his or her medical opinion to treat an employee's pain.

(e) A health care provider shall prescribe the lowest effective dosage of a targeted controlled substance, not to exceed 50 mg morphine equivalent dose per day.

(1) However, the health care provider may prescribe a morphine equivalent dose higher than 50 mg per day, but not higher than 90 mg per day, after documenting the medical justification for the prescription, including a comparison of the expected benefits to the employee versus any potential risks of increasing the employee's dosage. If the health care provider prescribes a morphine equivalent dose higher than 50 mg per day in the chronic phase, the health care provider shall review at all subsequent evaluations whether the employee experienced the expected benefits and consider whether to continue the higher dosage and document the medical record accordingly.

(2) If a health care provider considers it necessary to prescribe a morphine equivalent dose higher than 90 mg per day to treat an employee's pain, the health care provider shall seek preauthorization from the employer or carrier. If the employer or carrier authorizes, or the Commission orders, authorization of a prescription of a morphine equivalent dose higher than 90 mg per day, the health care provider shall review at all subsequent evaluations whether the employee experienced the expected benefits of the increased dosage and consider whether to continue the higher dosage and document the medical record accordingly.

The dosage limits in this Paragraph apply only to an opioid prescription being prescribed pursuant to this Rule.

(f) A health care provider shall not prescribe transcutaneous, transdermal, transmucosal, or buccal opioid preparations included in G.S. 90-90(1) or (2) without documentation in the medical record that oral opioid dosing is medically contraindicated for the employee.

(g) A health care provider shall seek preauthorization from the employer or carrier before prescribing transdermal fentanyl. A health care provider shall seek preauthorization from the employer or carrier before prescribing methadone for pain in a chronic phase.

(h) A health care provider shall not prescribe benzodiazepines for pain or as muscle relaxers in a chronic phase.

(i) A health care provider shall seek preauthorization from the employer or carrier before prescribing carisoprodol and a targeted controlled substance in a chronic phase. A health care provider shall advise the employee of the potential risks of combining a targeted controlled substance and carisoprodol if both medications are prescribed.

(j) If an employee is taking benzodiazepines or carisoprodol prescribed by another health care provider, the health care provider shall not prescribe a targeted controlled substance to the employee without advising the employee of the potential risks of combining a targeted controlled substance and benzodiazepines or carisoprodol. The health care provider shall also communicate with the health care provider prescribing the benzodiazepines or carisoprodol to inform that health care provider of the prescription of a targeted controlled substance.

(k) ~~A~~ Pursuant to G.S. 90-113.74C(a) health care provider shall review the information in the ~~CSRS~~Controlled Substance Reporting System (CSRS) pertaining to the employee for the preceding 12-month period at every appointment with the employee at which a targeted controlled substance is prescribed or every three months, whichever is more frequent. The health care provider shall document in the medical record the review and any potential contraindications to prescribing a targeted controlled substance found in the CSRS. ~~The effective date of this Paragraph is November 1, 2018, or shall coincide with the date of application in S.L. 2017-74, s. 15.(e), and any amendments thereto, whichever is earlier.~~

(l) Before first prescribing a targeted controlled substance in a chronic phase, a health care provider shall administer and document in the medical record the results of a presumptive urine drug test as defined in Rule .0102 of this Subchapter.

(m) Following compliance with Paragraph (l) of this Rule, a health care provider shall administer a presumptive urine drug test as defined in Rule .0102 of this Subchapter and document the results in the medical record a minimum of two times per year and a maximum of four times per year during a chronic phase, unless additional urine drug tests are authorized by the employer or carrier at the request of the health care provider. The limitation on the number of urine drug tests to be conducted per year without authorization by the employer or carrier for additional urine drug tests shall not apply in those cases where a patient is being prescribed targeted controlled substances for the purpose of substance use disorder treatment in addition to pain management.

(n) The health care provider may meet the requirements of Paragraphs (l) and (m) by requiring that the employee take random, unannounced urine drug tests. The health care provider may administer a presumptive urine drug test that is qualitative and interpreted or analyzed with instrumental or chemical assistance if the health care provider believes, in his or her medical opinion, that a more sensitive presumptive urine drug test is appropriate and is likely to reduce the need for a confirmatory urine drug test.

(o) If the result of a presumptive urine drug test administered pursuant to this Rule is positive for non-disclosed drugs or negative for prescribed medications, the health care provider shall obtain confirmatory urine drug testing as defined in Rule .0102 of this Subchapter. The health care provider may obtain the confirmatory urine drug test results before prescribing a targeted controlled substance. Alternatively, the health care provider may order a limited supply of a targeted controlled substance pending the results of the confirmatory urine drug test. The results of any confirmatory urine drug test shall be documented in the medical record. Nothing ~~herein~~ in this Paragraph prevents a health care

provider from ordering a confirmatory urine drug test for a medical reason other than the presumptive urine drug test results if the medical reason is documented in the medical record.

(p) If an employee's medical treatment involving the prescription of targeted controlled substances is transferred to a health care provider in a different health care practice from the one that administered the opioid risk screening and assessment tool required by Rule .0202(l)(2) of this Section, the new health care provider shall administer and document in the medical record the results of a tool for screening and assessing opioid risk that has been validated by clinical studies, including those in Rule ~~.0202(l)(1)(A).~~0202(l)(2)(A) through (D) of this Section.

(q) A health care provider shall document in the medical record whether the information obtained by complying with Paragraphs (k), (l), (m), ~~(o)~~(o), or (p) of this Rule indicates an increased risk for opioid-related harm. If the health care provider continues the prescription of a targeted controlled substance despite any increased risks identified, the health care provider shall document in the medical record the reasons justifying the continued prescription.
